### Prophetic Spirituality

1. What descriptive words come to mind when you think of the prophets?
2. Put all those words together and then find one word that might be descriptive of them all.
3. Was that word “love”? What do you think of the idea that undergirding all the pronouncements of the prophets was “love”?
4. In most cases the prophets spoke on behalf of God calling the people back to obedience to God’s law. So....
  - a. What was the point of the law?
  - b. What is the point of living within it?
5. I said on Sunday that the OT Law of God split three ways: Ceremonial, Civil and Moral. The first two were repealed in Christ. Why not the third?
6. Law is about life not judgement. Read Deut 30:11-20
7. If we are filled with the same Spirit as the prophets, in what way are we called to be prophetic to each other?
8. As a side thought, what do you think about the possibility of arguing with God. The prophets did. What about you? Why would we?
