### Wisdom Spirituality

1. Read Proverbs 8:6-19
2. Describe foolishness.
3. Describe wisdom.
4. How is it that we are more aware of our foolish acts than we are of our wise acts?
5. Where does wisdom come from? Note the personification of wisdom in the proverbs passage.
6. What's the difference between human wisdom (1 Cor. 1) and God's wisdom?
7. How do we become wise? Do we learn it? Does it drop from heaven?
8. If it is both, can you name people whom you learn wisdom from?
9. In part, wisdom is about making decisions. What do you think is the most important: life's big decision or the many small ones? Why?
10. Think about this statement about growing in spiritual wisdom. "Every small decision is an act of spiritual wisdom or human foolishness. Over the years that make up our lives, all the small decisions we make accumulate to become the 'big' decision we made long ago about the significance of God."
